PROJECTS / PRODUCT THINKING

UX Audit — Swiggy Cart Flow

[VIEW →](#)

SELF-INITIATED · MAY 2026

- Identified multi-restaurant cart friction as a key drop-off point from personal usage & interviews with 8 users
- Benchmarked against Zomato; proposed "multi-cart preview" feature maintaining operational simplicity
- Defined success metrics: 15–20% cart abandonment reduction, improved session-to-order conversion
